PACS READING ROOM DESK, ELECTRIC E5 25"- 44"

PACS (Picture Archiving System) Desks are designed to accommodate a wide variety of individuals and working styles. Radiologists can easily vary their viewing positions allowing them to work comfortably and productively over long periods of time.

SPECIFICATIONS

Actuator: Two-part telescopic, with low profile build-in motor housing.

Motor: Two, low-voltage DC motors are provided for fast, quiet and energy efficient adjustment of the worksurface. Power rate 18V/10 amps. Duty cycle of 10%. Maximum 2 minutes of continuous operation. UL/CSA approved.

Height Range: From 25" to 44", providing a 19" range of adjustment, suitable for most sit-to-stand or seated applications.

Speed: 1-1/2" per second, taking 13 seconds to adjust through the full range.

Switch: A simple-to-use, up/down switch is standard. Three position memory switch and digital readout switch is available.

Load: Supports 350 lbs. evenly distributed, including the worksurface.

Base: Formed 11 gauge cold rolled steel. Foot size is 3" wide x 1-1/8" high x 23"/29" long depending on the model, with levelers offering 3/4" adjustment. Column dimension is 4" deep x 2" wide. Connect channel is set at 18" above the floor, and is 3-1/2" high x 1-1/4" deep. A decorative sheet metal cover runs the full length of the connect channel. Black Sandtex powder coated finish is standard. Other colors are available.

Worksurface: 1" particle board core, 45 lbs. density, with 1/32" thick high pressure laminate, balanced backer, and t-mold edge are standard. Other surface types and edge finishes are available. For laminate and edge color selection please see www.ise-ergonomics.com. On larger work-surfaces a steel top frame support is provided.

ISE Inc. has grown rapidly since 1992 into a leading manufacturer and marketer of ergonomic products and technical furniture. Our products can be ordered through a nationwide network of dealers across the United States and Canada. These dealers are well equipped to provide you with all the installation support and service that you require.
